

The BBC provides advice and guidance to the Education Sector via two internet portals; firstly, being the BBC Academy <http://www.bbc.co.uk/academy> that provides up to date information on industry changes and standards as well as helpful guidance on approaches young people should take prior to embarking onto a career within the industry. Our BBC career advisor packs can be found here: <http://www.bbc.co.uk/academy/work-in-broadcast/getting-a-job/getting-in/article/art20141016145107722>

### Other BBC initiatives:

**BBC Micro:Bit:** <https://www.microbit.co.uk/> - As you may know the BBC Micro:bit will be handed to every Year 7 or equivalent student from this year.

**Make-It-Digital:** <http://www.bbc.co.uk/makeitdigital> - Inspiring Young and Old to get into Digital Media and Tech.

**BBC Education:** <http://www.bbc.co.uk/education> - Home for BBC Bitesize and other resources and tools for schools.

### Apprenticeships – Learn as you Earn!

The BBC is launching a new pilot local apprenticeship across BBC English Regions from Newcastle to Jersey, Plymouth to Norwich that offer a career pathway into Broadcast & Communication Operations.

On May 8<sup>th</sup> the applications for the 2016 **Broadcast Operator** (BOA) Apprenticeship close. We are looking for those aged 17+ and interested in Camera/Sound Operation to work at one of our local Radio/TV stations whilst gaining a qualification to support the newsgathering, radio and current affairs content creation our local editorial teams produce each and every day.

We also have a new 4 year degree based Software Developer apprenticeship based up in Salford, North West England.

Broadcast Operator Scheme details can be found here: <http://www.bbc.co.uk/boa> (Video) Software Development/Engineering Apprenticeship: (iPlayer/CBBC, iWonder, Playlister, [bbc.co.uk](http://www.bbc.co.uk)) - <http://www.bbc.co.uk/careers/trainee-schemes-and-apprenticeships/technology/digital-software-engineering>

**Not based within BBC English Regions?** – BBC Wales and Northern Ireland have completed recruitment for 2016 however BBC Scotland are recruiting Apprentices now! and details can be found here:

BBC Scotland Apprenticeship - <http://careerssearch.bbc.co.uk/jobs/job/BBC-Scotland-Apprenticeships/16054> BBC Gaelic Apprenticeship - <http://careerssearch.bbc.co.uk/jobs/job/Gaelic-Apprenticeship/16056>

**Promoting STEM in Broadcasting!** - Have you ever wanted to demonstrate the role of technology and engineering in STEM related industries such as broadcasting? The BBC has created an informative poster that shows the range of technologies that are fundamental to how we connect to our audiences and what skills the UK needs from our future talent.

You are able to get a digital download of our poster or you can request one of our new A2 posters to use as an educational and careers resource. (**Digital copy** - <http://downloads.bbc.co.uk/england/pdf/bbc-roles-in-technology.pdf> ).

Email us at [techcareers@bbc.co.uk](mailto:techcareers@bbc.co.uk) to get one of 500 A2 posters by supplying your Name, School/College Name and Address)

We're looking to build awareness of the importance of Maths and STEM subjects that are vital for the future UK creative industry. To be a successful and future-proofed individual wishing to work across broadcast technology we heavily rely upon the education sector to deliver the next generation of innovators/inventors and engineers!
